

Comparing Traditional and Wi-Fi Irrigation Control

UPGRADING IS AS EASY AS 1, 2, 3!

1. GOOD

X-CORE® Controller

2-, 4-, 6-, or 8-station fixed indoor or outdoor controller, 1 sensor input, with optional on-site ET weather adjustments

Compatible with: ROAM Remotes, Solar Sync® Sensor

2. BETTER

X2™ Controller

4-, 6-, 8-, or 14-station fixed outdoor controller with 1 sensor input

Compatible with: ROAM Remotes, Rain-Clik® Sensor, WAND Module

3. BEST

X2 and WAND Module

4-, 6-, 8-, or 14-station fixed outdoor controller, 1 sensor input, with remote management and online weather adjustments

Compatible with: ROAM Remotes, Rain-Clik Sensor

Pro-C® Controller

4- to 32-station modular indoor or outdoor controller, two-wire capable, 1 sensor input, with optional on-site ET weather adjustments

Compatible with: ROAM Remotes, Solar Sync Sensor, EZ Decoder System

HPC Controller

4- to 32-station modular outdoor controller, two-wire capable, 2 sensor inputs, with remote management and online weather adjustments

Compatible with: ROAM Remotes, Rain-Clik Sensor, HC Flow Meter, EZ Decoder System

HPC and HC Flow Meter

4- to 32-station modular outdoor controller, two-wire capable, 2 sensor inputs, with remote management, online weather adjustments, and flow monitoring

Compatible with: ROAM Remotes, Rain-Clik Sensor, EZ Decoder System

ICC2 Controller

Up to 54-station modular outdoor controller, two-wire capable, 1 sensor input, with optional on-site ET weather adjustments

Compatible with: ROAM Remotes, Solar Sync Sensor, EZ Decoder System, any Clik Sensors

HCC Controller

Up to 54-station modular outdoor controller, two-wire capable, 2 sensor inputs, with remote management and online weather adjustments

Compatible with: ROAM Remotes, Rain-Clik Sensor, HC Flow Meter, EZ Decoder System

HCC and HC Flow Meter

Up to 54-station modular outdoor controller, two-wire capable, 2 sensor inputs, with remote management, online weather adjustments, and flow monitoring

Compatible with: ROAM Remotes, Rain-Clik Sensor, EZ Decoder System
